PUBLICATION OF PICTURE BOOKS

We are thrilled to share some exciting news with everyone – the publication project of picture books themed around “Truth,” “Light,” and “Passion” has officially begun! This project aims to discover and celebrate the diverse talents of our students in both writing and illustration, allowing each story to highlight the brilliance of students in their community and school lives.

This creative series is scheduled for publication in May 2025, in time for our eagerly anticipated 90th Anniversary Celebration.

Courage by Bernard Waber

"Still, courage is courage—whatever kind." Usually, courage is about bravery in the face of physical pain, hardship, and even death. However, as this book shares, courage exists whenever we step out of our comfort zone or try again after failure. This book discusses many kinds of courage, including extraordinary and everyday kinds, significant actions and even small ideas. Let's explore and discover different types of courage around us!
